Located a stone's throw away from the vibrant and bustling Orchard Road, Quincy Hotel Singapore inspires guests to savour life to the fullest – in style. This hotel's staycation packages stand out from others due to the numerous stay inclusions. The packages cover buffet breakfast, all-day light refreshments, complimentary in-room mini bar that's topped up daily, evening cocktails and light dinner. The hotel's service approach is highly anticipatory as they strive to customise guest experience specific for social urbanites. The following are 5 reasons why you should consider experiencing Quincy's Qool Weekend Package.

#1 – Convenient Location

Quincy Hotel Singapore is a 25-minute car ride to Changi Airport, a 10-minute car ride to Suntec Singapore International Convention & Exhibition Centre, and a 10-minute car ride to the Central Business District and the Marina Bay Financial District. The hotel is only about 10 minutes' walk from the Orchard MRT Station, 6 minutes' walk to Orchard Road, 10 minutes' car ride to Clarke Quay and 20 minutes' car ride to Sentosa. Famous attractions are easily accessible, and you can easily find dining options along Orchard Road.

#2 – Comfortable Rooms

The Studio Deluxe Room features a premium king-sized bed draped with feather beddings and a 42" LCD TV to keep you thoroughly entertained. All rooms come with great city views that are enhanced by the bay windows. The bathroom boasts a bathtub and a separate rain shower, and the bath amenities are from Kevin.Murphy's Young.Again series. Quincy Hotel Singapore is the first hotel in Asia to collaborate with Kevin.Murphy, one of Australia's leading haircare brands.

The Young.Again series features an explosion of scents from the most alluring flowers. You can also find other Kevin.Murphy Young.Again hotel collections such as gentle cleanser, hydrating body moisturiser and energising body bar soap in the room. Soothe away the

exhaustion of travelling and rejuvenate from head to toe during your stay at Quincy Hotel Singapore.

#3 – 24-Hour Facilities

The glass-enclosed infinity pool overlooking the city is open 24 hours and offers the ideal retreat in the city for guests to relax and unwind. There are also sauna and steam rooms located beside the pool's showering facilities where you can pamper yourself. The 24-hour gymnasium offers a city view too, and is decked with modern fitness equipment, a wide range of free weights and multimedia stations, providing everything you need to get a quick workout or stretch in.

#4 – Additional Perks Covered in Quincy's Qool Weekend Package

The Qool Weekend Package comes with thoughtful additions such as Art Jamming, Flossflakes Comfort-U Pillow, and Emoji Cushions that goes beyond making a staycation exciting. Liberate your inner Picasso and have fun art jamming by the rooftop pool on Saturdays from 3pm to 4pm. The sessions include all materials required and you can bring that artful piece of staycation memory home. On the other hand, the Flossflakes Comfort-U Pillow and Emoji Cushions provide you with more photo opportunities. You can also catch a blockbuster on every Saturday 9pm by cuddling up on the benches with some snacks or while you take a dip in the infinity pool.

#5 – The Quincy Qooper Experience

The Quincy Qooper experience has just been launched. For an additional charge, you can take a ride in the hotel's very own Quincy car to the city. I chose to alight at Kampong Glam, one of Singapore's cultural enclaves. Instead of feeling lost using public transport to get around, guests who are visiting Singapore for the first time will be able to travel around the city and explore in comfort.

If you're looking for an accommodation that's located right in the heart of Singapore, Quincy Hotel is the one for you. I recommend booking their Qool Weekend Package to make the best out of your trip.
