The Quincy Hotel Singapore has two room categories. There is the 26 sqm Studio and 32 sqm Studio Deluxe room. The difference between the two is not just the size. The Studio Deluxe rooms come with Nespresso coffee machine and a bathtub.

The room is absolutely comfortable. We got 1301. That's a corner room that is next to the lift lobby on level 13. You get a view of Goodwood Park Hotel as well as Marriott Tang Plaza.

That Flossflakes Comfort-U Pillow is amazing. Initially, we didn't quite know what to do with it. An instruction card shows you the many ways of using it. And once you discover one that you like, you won't leave it.
